

Beth goes to the shops. She buys 3 items. What is the most she could pay? What is the least?

£4.45

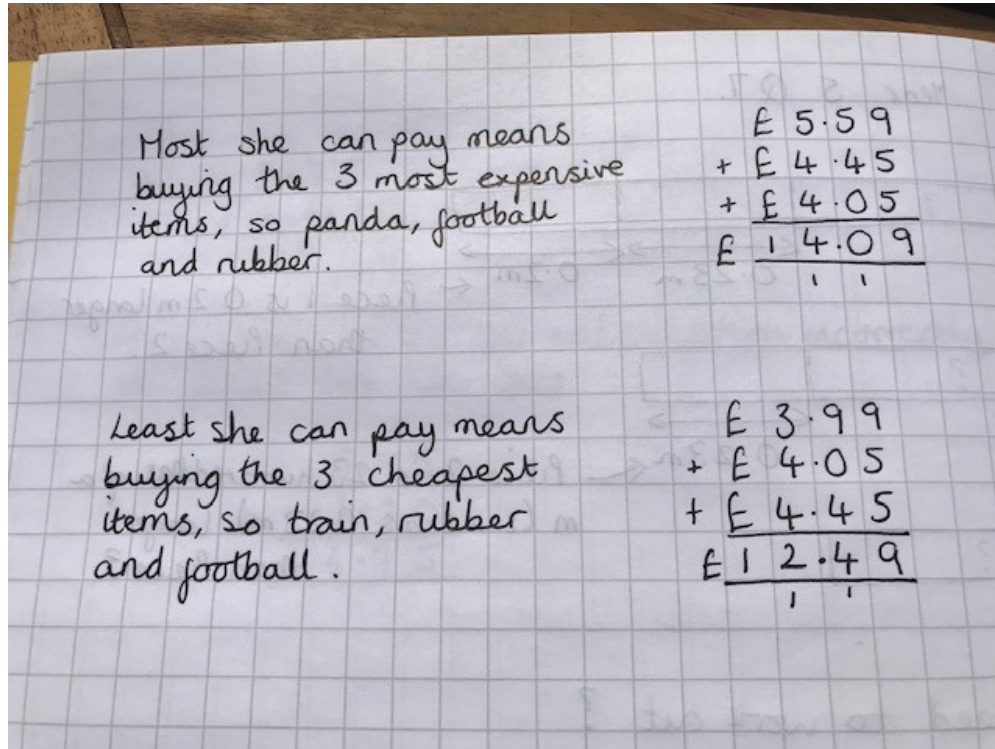

£5.59

£3.99

£4.05

$$\begin{array}{r} \boxed{} \boxed{} \boxed{} \\ + \boxed{} \boxed{} \boxed{} \\ \hline \\ \hline \end{array}$$

Using the digits 0 - 9 only once in the spaces above, what is:

- The largest sum possible
- The smallest sum possible

There are 4 options for both the largest and the smallest, all are correct.

Largest

$$9.75 + 8.64$$

$$9.65 + 8.74$$

$$9.64 + 8.75$$

$$9.74 + 8.65$$

Smallest

$$0.24 + 1.35$$

$$0.25 + 1.34$$

$$0.34 + 1.25$$

$$0.35 + 1.24$$
