

Ancient Greek Alphabet

The Ancient Greeks used a different alphabet system to us. Above is a rough translation of English symbols into the Ancient Greek equivalents.

Have a look at the symbols:

- Can you spot some which are the same as ours?
- Can you spot some which are very different?

This afternoon I want you to have a go at writing your name using the Ancient Greek alphabet.

You can be as creative with this as you like. You could:

Paint it

Draw it with chalk somewhere (outside or on paper)

Collage/mosaic it

Draw it and colour in

If you want, you could also write a little message using the Ancient Greek alphabet symbols for me to put on the Class Four homepage and challenge your friends to decode it!

Enjoy
