

# Tortilla wrap bug pizza

You will need:

Tortilla wraps

Tomato puree/passata

Cheese (grated)

Toppings of your choice according to which bug you are making.

I will be making a butterfly so I chose the following:

Olives

Sweetcorn

Pepper slices

Method

1. Put the grill on its hottest setting.

2. Spread the puree or passata on your tortillas.

3. Sprinkle the grated cheese over the tortilla.

4. Arrange your toppings to create your bug.

5. Place under the grill and cook for 1½ minutes.

6. Check that the cheese melts but nothing should burn.
