

Jamie is drawing a trapezium.
He wants his final shape to look like this:

Jamie uses the co-ordinates $(2, 4)$, $(4, 5)$, $(1, 6)$ and $(5, 6)$.

Will he draw a trapezium that looks correct?

If not, can you correct his co-ordinates?

You could try plotting the points on the grid to help you check.

Marie has written the co-ordinates of point A, B and C.

A $(1, 1)$ B $(2, 7)$ C $(3, 4)$

Mark Marie's work and correct any mistakes.
