

## Upham school's lockdown

At upham school we are all having a hard time we print everything out we can only see friends on teams or zoom and we cant play games at school like it and hide and seek. At school there is always at least 90 to 100 people now in the hole school 25 people! .

In every class there is at least 11 people what can all those 11 people not do. They can not touch other people they play games involving touching other people and after breaks they have to wash there hands for 20 seconds or use some hand sanitiser .

**Quote from logan in year six**

**Home learning is not as good as normal school but I like how it is more calm**
