

Through the portal.

Hi we are Ivy and Lucy and were going mountain climbing, our teacher sent us to go climbing but on our own. We are really scared. Three days later the day came for the girls to go climb the mountain luckily they got over their fear of going a were actually really exited. Hours later they were still climbing and really puffed out because they didn't bring any drinks how silly of them was that. One hour later thy finally got to the top of the mountain and found peculiar temple on the top of the mountain. Lucy said 'Ivy come on lets go look inside of the temple as there is a door there and it is open.' They both walked over to the door and BANG!!!!!!!!!!!!!!!

There they were trapped in a strange door that they could probably never get out of, how bazar is that? No no no its not a strange looking door after all it is a p-p-p-portal that Lucy and Ivy are never going to get out of. The terrifying thing is that long lost people/family members live inside the portal. Your probably thinking why are long lost people in the portal because how would they find out about out about the temple? Well people find out about it by looking on a encyclopaedia and if you look up mount Everest it will say that there is a magical mystery up on the top. Little did anyone know that t was a sucking children up temple. So basically it is a temple that cucks children up and then they turn into Mayans and never turn back into there selves again!

The two girls said 'as we are now Mayans how about lets go searching around the temple to see if we see anything cool.' You will never guest what there small eyes saw! It wasn't only one of there long lost cousins it was two of them, they hadn't seen there cousins since they were 2 and they are now 12. There cousins names were Bobby and Ben but now because they were Mayans its law to change your name or you will get executed. 'Ben Bobby I haven't seen you in years how are you we have both missed you so much, it was mums birthday the other day and she

was talking about you both all day it was starting to get a bit annoying but of course we were not going to stop her because one it was her birthday and two we both love you SOOO much we wouldn't stop her' Lucy exclaimed very excitedly and loudly. Bobby said to both Ivy and Lucy 'girls its time to change your name we only have ten minuets left but don't worry me and Ben get to choose it so we will make it really good. Ben is going to pick Ivy's name and I am going to pick your name, Lucy I know you have always wanted to be called Lexi so I'm going to call you Lexi lira Kenny and now its Bens time to choose Ivy's name so Lexi please be quite for them as they were silent for me and you. Ben said to Ivy 'Ivy come over here its time for me to pick your name now. Your sisters name is now Lexi not Lucy. It has been a hard decision but I have chose to call you Chloe mae Kenny as you have always wanted to be called that so now is your lucky day for both of you, well sot of lets just forget that you got sucked into here. Ivy now Chloe was so exited to be called Chloe she ran to her sister now to be Lexi and said 'my name is Chloe I am so happy! Lexi is a lovely name as well though.'

That day on Ivy was now called Chloe and Lucy was called Lexi.

The thing is we don't know what our parents our going to do as they don't know that they are never going to see us again but HOPEFULLY they will find out we have been gone for days and come climb the mountain we climbed up and hopefully get sucked up in the portal and get to see me, Lexi, bobby and ben but we will have to tell her that we are not called Ivy and Lucy anymore that we are called Chloe and Lexi but we will get used to it its fine. New name means new beginning new beginning means new us!

THE END

By Ivy Mae Kenny or as know as Chloe Mae Kenny
