

Maya Codex

You will need:

The Mayan Heiroglyph sheet

Paper

Pencil

Pen

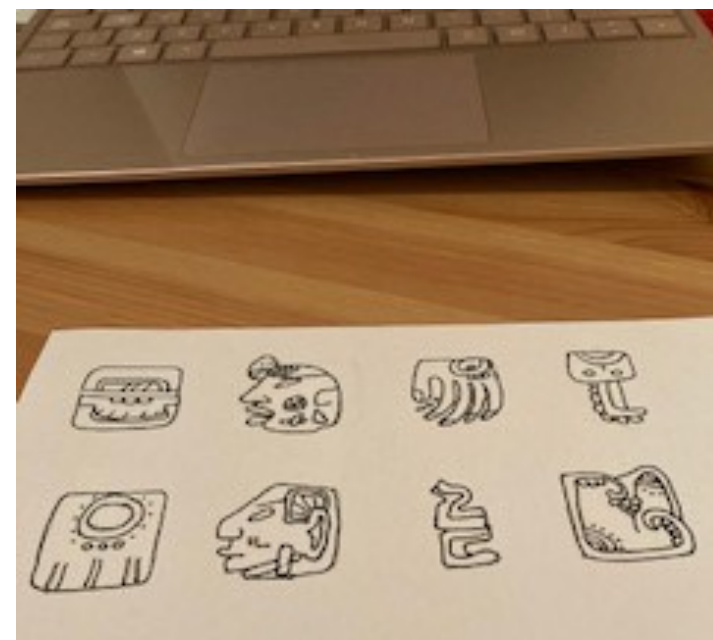

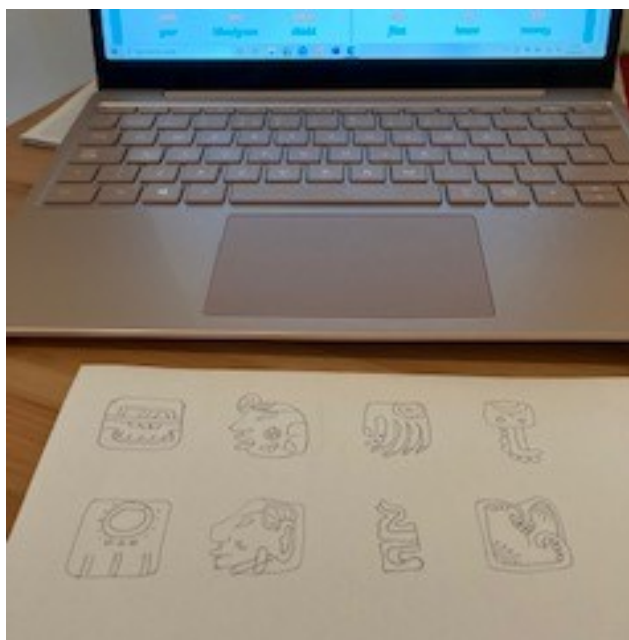

First, you need to look at the Heiroglyph sheet and decide on the message you want to write.

Then carefully draw these symbols using a pencil on your paper.

Use your pen to draw over your pencil outline to make it clearer.

Finally, send your message to Mrs Soley to decode.

Make sure you read her message on the next page and decode it too!

Can you solve my secret message using
the codex?

Now, create your own for me to solve and
I will email my answer.

Good luck.
