

My Woody Holiday

On the 21st of February I woke up and remembered that I was going to my friend Seth, Emma went as well to see her friend Eide Seth's sister we decided to cycle there

On the way to Seth's house we had to go up a tall hill to get there.

When I got there Seth had his bike out and ~~Eide~~ Eide had hers out too. Seth and me went ahead and the girls ~~girls~~ girls were behind us.

Stake park

When we got to the woods we decided Seth and me decided to build keep building extend our den so we did and we made the + covered the roof more. Our den was made of Ever Green branches we got the branches from chopped down Ever Green trees. When we finished the girls asked us if we wanted to play hide and seek but we said later we would play later.

After some time we played a game fighting game with sticks for swords and Seth and me won the battle. After later some time later we were playing hide and seek and Seth and me were looking for the girls. Some time later I spotted the girls Seth went round the not muddy way I went round through the bog way.

Seth and me surrounded the girls but I saw
Edie on one foot and Emma was in the mud.
Edie told me to get her shoe and, he shoe ~~was~~
stuck in the mud and I could only just just see it.
So I pulled it out and gave it to Edie but then I
realised I was literally sinking in the mud bag
but I managed to get out of the bag and
back to the den we finished our snacks and so
we decided to go back to Seth's house for a bit.
