

# Marvellous Mayan Facts.

Would you like to know some amazing facts about the Mayans?! If so then read on.....

## All about mayan cities.

The Mayans erected hundreds of ceremonial cities in the rainforests of Mesoumerica. These were important as they were used for trading, products such as cacao, fruits, pottery and obsidian. Tikal became the most powerful city state in their history, it was large and had thousands of structures including 6 large pyramids.

This is a picture of a Mayan City, as you can see its VERY old.

## Some of the Mayans favourite foods.

Mayans have lots of foods <sup>a</sup> that they like but some of their <sup>f</sup> favourites are Avacado, Vanilla, Sweet potato, Tomatoes and of <sup>course</sup> Chocolate.

## Where did the Mayans Sleep?

Mayans slept in hammocks because they were ideal for the tropical climate. They were light and airy and provided great ventilation.

## How did the Mayans collect Food and Water?

The Mayans used to hunt their meat and fish. They also grew crops such as corn, beans, squashes, potatoes, grains <sup>and</sup> fruit.

did u know?

Mayan pyramids and cities are still being discovered today !!!
