

In this booklet you will be able to design your
dream holiday!

You can pick every single detail of your holiday so
let your imagination go wild!

First of all we need to decide on a holiday location!

There are so many places in the world to pick from that I have made a few suggestions to help you decide.

My location is:

Describe your location. Make sure you include weather, possible activities (places to visit, animals to see), and the geography of the country (is it by the sea, mountainous etc).

Africa

safari

boiling hot

dry

big cats

Now we must know how you will travel to your chosen destination!

Aeroplane	Cruise Ship
	
Train	Car
	

Remember a train can only link you to the UK and France and a car will get you to anywhere in Europe but no further.

My chosen method of transport will be:

Describe what your journey will be like. Remember to include all of the things you will do on your journey. Will you make any stops along the way?:

car to Heathrow airport

snooze

Aeroplane to Kilimanyaro

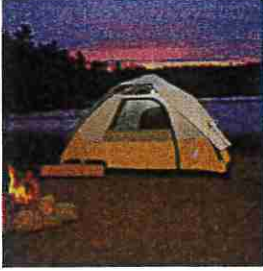

taxi to the safari

yummy meal at the airport

Percy pigs on the plane

long journey

You now need to make sure you have the perfect place to stay.

Resort	Motel	Villa
		
Tent	Caravan	Boat
		

Remember that if you are staying in a boat you will need to be near water.

My chosen place to stay is:

Describe your perfect holiday home. Don't forget to include what is inside and outside the holiday home:

tent in the safari park

dark sky

cosy

squishy camping
mattress

warm sleeping bag

torch so I can read

cooking on the hot,
glowing campfire

can hear all the animals

can see ~~the~~ bright stars

Now we must make sure that we have everything we need in our suitcase.

Draw your items and label them with a reason for including each one.

(Complete your writing below if you would like more space.)
